

ZENTRO EXPERIENCE

Project Goal:

The Zentro Experience is an initiative created to build international relations between Lajkers Club and Zentro Basket and to provide young athletes from Lajkers Club with opportunities to develop their skills and enrich their cultural experiences. This project reflects our shared commitment to nurturing well-rounded athletes through the combination of professional basketball training and cultural integration.

Project Description:

- **Location:** Zentro Basket Academy, Madrid
- **Participants:** A group of 10-16 Lajkers Club players, ages 12-15, training alongside Zentro Basket players
- **Accommodation:** Micampus, Madrid
- **Duration:** One week (Mon-Sun) of intensive training, cultural exchange, and team-building activities
- **Cost:** €900 per participant

Key elements of collaboration:

This initiative allows for a meaningful exchange between clubs through:

- **Joint training sessions:** Lajkers Club players will train with Zentro Basket players and participate in sessions led by Zentro Basket coaches. This will introduce a variety of training methods, enhancing their athletic development.
- **Integration and team building:** Through joint training sessions, players from both clubs will have the opportunity to build relationships based on cooperation, mutual respect, and camaraderie.
- **Cultural integration:** Players will be introduced to the basics of the Spanish language and elements of Spanish culture. This will help participants feel more comfortable in Madrid, making their experience more enriching both professionally and personally.
- **Collaborative coaching:** Lajkers Club and Zentro Basket coaches will jointly supervise player development, sharing observations and insights that contribute to long-term benefits.

What we offer to Lajkers players:

The Zentro Experience is a fully organized initiative that ensures smooth collaboration:

- **Travel arrangements:** Round-trip flights from Warsaw to Madrid, fully covered by Lajkers Club
- **Hospitality:** Accommodation at Micampus in Madrid, with full board
- **Comprehensive support and supervision:** Guidance and support from Lajkers Club coaches and dedicated Zentro Basket tutors to ensure participant safety, development, and engagement throughout the stay. Additionally, Lajkers Club will delegate two chaperones to accompany and oversee the athletes during the trip.
- **Language and cultural introduction:** Spanish language sessions and cultural outings around Madrid to enhance the integrative dimension of the trip.

The Zentro Experience is an opportunity for Lajkers Club and Zentro Basket to grow together through collaboration, building bridges that support our shared passion for basketball and the holistic development of young athletes.
